

Name: _____ Date: _____

Ordering times

Draw hands on clocks to show o'clock and half past times

You will need:

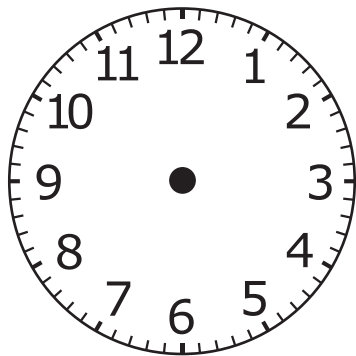

- scissors
- glue
- sheet of paper

What to do

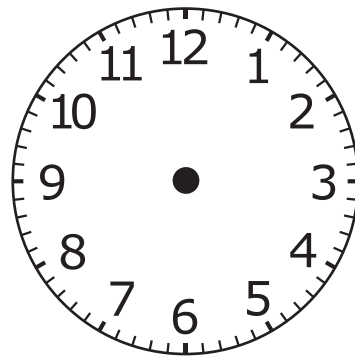

- Draw the hands on the clocks to show the times given.

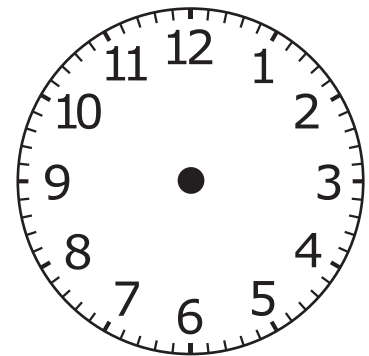

Cut out the completed clocks and put them in the correct order, starting with half past 7 (tell your child that this is 7:30 in the morning). Glue the clocks onto a sheet of paper. Talk to your child about things that happen at these different times throughout the day. Encourage your child to write or draw something that happens at each time of the day next to the clock showing that time.

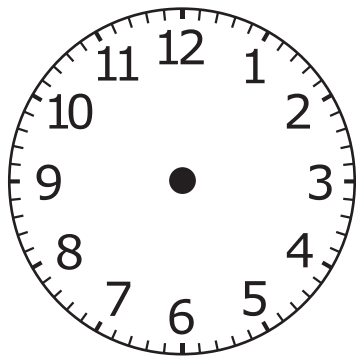

9 o'clock

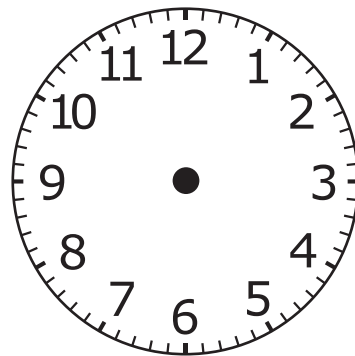

half past 3

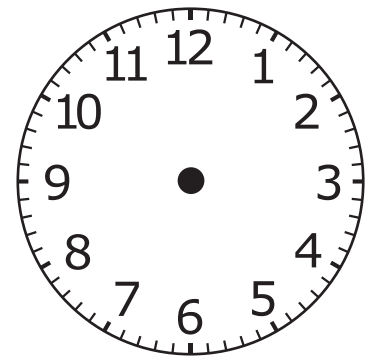

half past 10

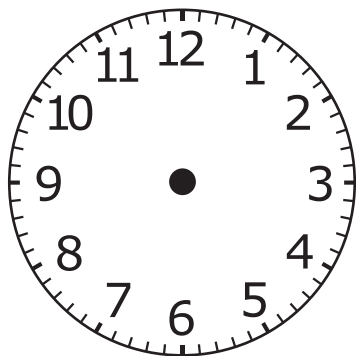

2 o'clock

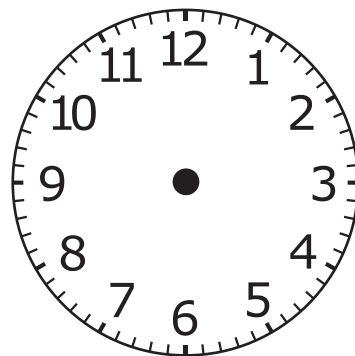

11 o'clock

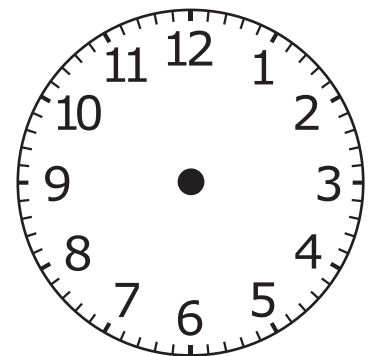

half past 7

6 o'clock

1 o'clock

half past 5
