

Name: _____ Date: _____

3 multiplication table

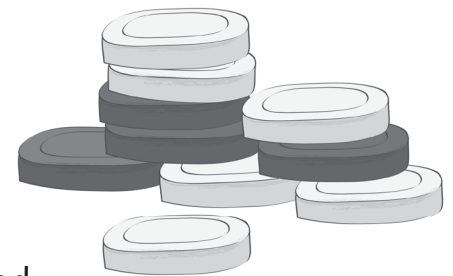

Recall the multiplication facts for the 3 multiplication table

Play this game with a partner.

What to do:

- Cover each number fact with a counter.
- Take turns to:
 - remove a counter
 - say the answer to the multiplication fact.
- If you are correct, keep the counter; if you are incorrect, place the counter back on the board.
- Continue until all the counters have been removed.
- The player with the most counters at the end is the winner.

You will need:

- 20 counters
