

*Pennies on a plate,
Pennies on a plate,
Two, four, six, eight,
Pennies on a plate.*

Can you count enough 2p coins to make 10p?

Two groups of twelve.

Three groups of eight.

How many more ways can you organise 24 pennies?

Use your coins to make a long worm.
The coins should be in date order.

Use your coins to make a picture.
You can make a picture like this
one by rubbing a pencil over paper
that has a coin underneath it.
How much is it worth?
Can you make a picture that is
worth exactly £1?
