

Name: _____ Date: _____

Metric and imperial card game (2)

Know the imperial unit inch and the rough metric equivalent in centimetres

Play this game with a partner.

- Cut out the cards and place them face down on the table.
- Take turns to turn over two cards. If a card in imperial units is approximately the same as a card in metric units, the player keeps both cards and continues with another turn.
- If the cards do not match, the player puts them back on the table in the same place. That player's turn is over.
- The winner is the player who collects more pairs of cards.

You will need:

- scissors

2 inches	4 inches	6 inches	8 inches
10 inches	1 inch	3 inches	5 inches
5 cm	10 cm	15 cm	20 cm
25 cm	2.5 cm	7.5 cm	12.5 cm
