

# Soundproofed Studio

Type of Material	Loudness of Sound

The band are waiting to hear your suggestions! Use your results to choose the best material for soundproofing their studio. Write a letter to the band explaining your choice. Think of your own name for the band.

Dear \_\_\_\_\_

I have tested several different materials and my results show that the one you should use to soundproof your studio is \_\_\_\_\_

It was the best material because \_\_\_\_\_

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Yours sincerely, \_\_\_\_\_

Use these words to help you write your letter:

sound

vibrations

absorb

hard

solid

energy

through

soft

air
