

# Plant problems

Solve missing number problems

$3 + 1 = \square$

$5 + \square = 7$

$2 + 3 = \square$

$4 + \square = 8$

$7 + \square = 10$

$3 - 1 = \square$

$5 - \square = 5$

$7 - 3 = \square$

$9 - \square = 7$

$10 - \square = 6$

### Teacher's notes

Children complete each calculation and write the missing number in the space provided.
