

Name: _____ Date: _____

Multiplying and halving

- Multiply and divide numbers mentally drawing upon known facts
- Multiply whole numbers by 10 and 100

Play this game with a partner.

- Cover each multiplication below with a counter.
- Take turns to:
 - remove a counter
 - say the answer to the multiplication.
- If you are correct, keep the counter. If you are incorrect, place the counter back on the board.
- Continue until all the counters have been removed.
- The player with the most counters at the end is the winner.

You will need:

- 25 counters

Variation:

- Take turns to remove a counter.
- The first player to say the correct answer keeps the counter.

43×5	26×5	56×25	72×50	25×44
61×50	25×36	65×50	24×25	36×5
25×37	10×50	50×6	67×5	25×60
50×48	5×74	63×5	53×50	16×25
79×25	8×50	5×77	28×25	53×5
